

VissRad demonstration project VR-DEMO-001	Instrument index
Flare instrument index — A40	
VR-DEMO-001-ICS-IIL-0001 Rev C 2026-02-22	Page 1

1. Basis

Inputs are taken from the design basis and the current revision of the referenced drawings for area A40.

2. Method

The method follows the company standard for this discipline. Assumptions are listed and checked by the discipline checker.

3. Results

Results are within the design limits. Checked by R. Baptiste.
